### BREAKING THE CYCLE

HELPING YOUNG  
PEOPLE GET THEIR P'S

A cowboy wearing a dark hat, a white shirt, and a dark vest is riding a large, light brown bucking bull. The cowboy is leaning forward, holding onto the bull's horns. The bull is in the middle of a bucking motion, with its front legs tucked and its back legs kicking. The background shows a blurred rodeo arena with a white fence and a blue structure.

## WHAT'S HOT AROUND TOWN

Bloom

STORY PIPER ZUINO

### BLOOM SINGS ADELE AND AMY WINEHOUSE

**O**ne of Australia's newest singing stars 'Bloom' is paying tribute to two of the biggest music artists in the world, Adele and Amy Winehouse. The show, being performed in The Lounge at the Royal in Nundah, will include an all-star band featuring members of many iconic Australian acts. Representative of the act, Marc Mancini said he likes to describe the show like a chick flick in concert.

"It gives you all the 'feels' of singing those heartbreak songs at the top of your lungs. Cheaper than therapy and it comes with a warning to not text your ex on your way home as it may stir up some unresolved feelings - you're welcome," he said.

The show will feature a range of fan-favourite songs including Someone Like You, Rolling In The Deep and Back to Black, to name a few. Bloom Sings Adele and Amy Winehouse will be held in the Lounge at the Royal, Nundah on Friday, August 12 starting at 8pm.

Tickets are \$39 and are available via this link: [tickets.oztix.com.au/outlet/event/cf1b82fb-8c17-490b-9746-8a3b8925b21c](https://tickets.oztix.com.au/outlet/event/cf1b82fb-8c17-490b-9746-8a3b8925b21c)

### BACK TO THE TIVOLI

**H**osted by multi-national award-winning performer, Wayne Cornell, Kedron-Wavell is putting on a spectacular cabaret experience. The show will feature the likes of magician, Brendan Mon Tanner, who has won 14 entertainment awards for Best Australian Magic Comedy Show.

Audiences can expect to see some daring stunts. Vocal performances by both Susannah Mirana and Stephen Fisher King will delight the audience with their engaging stage presence. Finally, comedian Brett Thomas, who performed comedy for over 42 years, will bring his comedy skills and characterised voices to the stage. Back to the Tivoli will be hosted at Kedron-Wavell on August 22 from 11am-12:30pm.

Tickets are \$17 for members and \$22 for non-members and are available for purchase here: [kedron-wavell.com.au/event/back-to-the-tivoli-august-show/](https://kedron-wavell.com.au/event/back-to-the-tivoli-august-show/)

## COMMUNITY UPDATES

# Major developments in McDowall Ward

**In the past 12 months, McDowall Ward has seen big developments. From upgrading play parks and community grants, to road repairs and wildlife awareness monitors, residents have given feedback and the office for McDowall Ward have listened.**

Among the upgrades, Shand Street Park Bike Skills Loop was opened on 15 April 2022. This was part of a larger project of major refurbishments to Shand Street Park, and adjoining Grinstead Park and Corbett Street Park, which were also recently reopened. The project was targeted at children and teens who are BMX, skating and scooter enthusiasts. This was an opportunity to enhance the existing recreational features at Shand Street Park by upgrading the skate half pipe, and by installing a new skills loop track with scooter and skate features.

New stairs have been added to the Milne Hill Reserve, the final step in a series of projects which Council has invested in to upgrade the surrounding walking tracks and restore the viewing deck. The lookout provides fantastic views across the Cherside Hills Reserve and beyond, and these stairs will provide a more

direct route from the car park just off Hamilton Road so that the lookout is easier to access and enjoy. The new stairs opened at the end of July.

Local parents provided feedback that they would like to access toilet facilities at Keong Park, a very popular meeting place for families. The park offers a playground, barbeques, picnic areas, a basketball court and outdoor exercise equipment. These new toilets will mean that families will be able to stay and enjoy their local park for longer and families are already enjoying this welcomed addition.

A citywide Kerbside Collection will be running again this year, with Stafford and Stafford Heights being serviced the week commencing Monday 14 November, Aspley, McDowall and Bridgeman Downs from 28 November, and Cherside West from 21 November.

# THE HISTORY OF THE PRINCE CHARLES HOSPITAL

**The Prince Charles Hospital opened on November 14, 1954, as a purpose-built tuberculosis sanatorium. The state government granted just 7,500 pounds for the purchase of the land and when the hospital opened its doors, it had 186 beds spread across three wards.**

In 1959, the hospital added 3 more buildings including the main building, which would accommodate 412 beds, a nurse's block to house 8 medical officers, the Matron, the Deputy Matron and 152 nurses and an administration block.

Throughout the years, the hospital has undergone several name changes. Opening in 1954, the hospital was given the title of 'Brisbane Chest Hospital', because at the time it was specially equipped to care for and treat patients suffering from TB. Due to the success of the TB eradication program, the hospital was soon able to treat patients with other illnesses, so in 1961, the hospital changed its name to The Chermshire Hospital. It was on

Prefabricated Wards - 1954

February 8 of this year that the hospital would perform its first thoracic surgery.

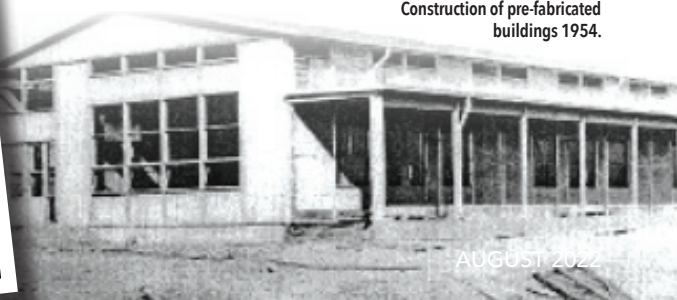

Just over a decade later, the hospital hosted a visit from His Royal Highness, Prince Charles, and it was decided that in honour of the visit, the hospital would be renamed to, 'The Prince Charles Hospital'.

Since opening, the hospital has had a reputation in leading the way for new and innovative medical procedures. In 1975, TPCB established the world's first viable Cryopreservation Valve Bank for paediatric and adult heart valves. In 1995, surgeons at TPCB performed Queensland's first paediatric heart transplant. 2003 saw the hospital perform Australia's first triple transplant operation and in 2009, Theatre 4 opened as a new hybrid integrated operation suite, the first of its kind in the southern hemisphere.

Today, the hospital cares for more than 420,000 patients a year and boasts having 663 beds. It employs 3,200 staff including 2,150 nurses, 635 doctors, and is known as the "leading cardiothoracic hospital in Australia". It also specialises in emergency medicine, orthopaedic and general surgery, general and geriatric medicine as well as rehabilitation and mental health services, all great achievements from its early beginnings.

# 'PUNCH DRUNK' ISTRIA IS BACK FOR REVENGE

'Punch Drunk' Istria in action

STORY **PIPER ZUINO**  
PHOTO **WRESTLE RAMPAGE / PHOTOS BY JAMOIS**

**A** colourful night of family fun awaits those who dare to step into the arena and witness 'Punch Drunk' Istria take on Mitch Ryder in "This Means War."

Pro Wrestling League is returning to Kedron-Wavell this August where twenty men and women from across Australia will be competing, leading to the main event.

Pro Wrestling League Promoter Michael Jozis said the main event will see 'Punch Drunk' Istria take on Mitch Ryder after Mitch and his manager cheated to win the last Pro Wrestling League event.

"Pro Wrestling League offers a night out unlike anything else in Queensland, combining athletic action in-ring with ongoing storylines and character developments that continue to build from show to show, almost like an ongoing TV series."

"Istria is a Queensland native, who has since relocated to South Australia and runs the Wrestle Rampage Dojo in Adelaide, and has competed across the world, including the United States and Japan," Michael said.

Pro Wrestling League provides an entertaining night out for fans of all ages with several wrestlers parading colourful character personas.

"Outback Adam springs to mind immediately, as he is an outback adventurer and one of his signature moves is the Gator Roll. Lucille Brawl comes out looking like a superhero and is involved in an ongoing storyline where she and her partner, Bobby Bishop, have been chasing after a mysterious briefcase," Michael said.

Current Pro Wrestling League Champion, Mitch Ryder, has recently trained with New Japan Pro Wrestling, which is regarded as one of the top professional wrestling companies in the industry. He is looking forward to defending his title this August.

Kedron-Wavell Marketing Manager Louis Peters said there will be a bar and a hotbox in the room for audiences to purchase food during the show.

Audiences can expect six or seven rounds of wrestling with an intermission half-way through the event where fans can grab food and are even invited to meet the wrestlers competing in the event.

"We hope that fans who've come along for the ride will continue to support our live events, as we continue to grow Pro Wrestling League into one of the top professional wrestling promotions in Australia," Michael said.

## Members Make a Spectacle

**V**IEW Clubs of Australia was founded in 1960 by the general secretary of The Smith Family, George Forbes, to support the charitable work of The Smith Family. VIEW stands for the Voice, Interests and Education of Women. Established in 1994, the purpose of the Aspley VIEW Club members is to support the education of disadvantaged Australian children.

They do this by fundraising and partnering with The Smith Family, a national children's charity helping young Australians experiencing disadvantage to succeed at school, so they can create better futures for themselves.

This year marked the Aspley Club's 28th birthday and 100 years of The Smith Family and to celebrate these milestones, members of the Aspley VIEW Club displayed colourful custom-made spectacles depicting the numerals 100 at their recent monthly luncheon for the 'Make a Spectacle' competition.

The competition was initiated by The Smith Family administration and winners of 4 categories including most colourful, most innovative, most humorous and best group will be announced at the upcoming National Convention in Adelaide from 9-11 September 2022.

Winner of the competition's Most Creative category

Aspley VIEW Club is urging the local community to give generously to The Smith Family's Winter Appeal this year, to support thousands of children and young people with their education as they deal with the ongoing effects of the COVID-19 pandemic.

Aspley VIEW Club members will continue to raise money throughout the year to sponsor and support 30 Learning for Life students through The Smith Family.

Each month members enjoy fun, friendship, a two-course lunch, a guest speaker, lucky door/ raffle prizes, bargain book stall and trading tables together with monthly events/outings organised by program officers. The Club meets on the fourth Wednesday of the month at Kedron-Wavell.

# CITY ORCHESTRA RETURNS WITH PROMS CONCERT

STORY **ALYSSA MACKAY**

**M**usic lovers rejoice - the stirring anthems of the Brisbane City Pops Orchestra are set to fill St Paschal Baylon Catholic Church again.

This month Our Lady of the Angels Parish will welcome the popular orchestra back to perform. Come to the Proms, a concert with a program full of well-known music.

Brisbane City Pops Orchestra's vice president and events coordinator Rita West said the concerts had been held annually at the church at Wavell Heights since 2014, but had been cancelled the past two years due to COVID.

"We are looking forward to performing at St Paschal Baylon Catholic Church with its outstanding acoustics and peaceful atmosphere, however this will be a rousing concert that we hope will delight our audience," Rita said.

"In keeping with Proms Concerts two popular pieces, Pomp and Circumstance and Radetzky March will be played, and on a lighter note March of the Gladiators, Mission Impossible and Misty will be among a number of popular pieces that promise to satisfy our audience."

Rita said the orchestra's artistic committee had chosen the repertoire.

"The artistic committee have all been members for many years so we know exactly the type of music our audience wish to hear," she said.

The orchestra will be conducted by Neil Flottman, who has conducted thirteen seasons for the Queensland Ballet and worked as chorus master for the Lyric Opera of Queensland, the Australian Opera and the Canadian Opera Company.

Our Lady of the Angels School Choir, conducted by Debra Todhunter, are set to delight audiences with their singing.

Rita said the orchestra was founded in 1973, with audiences following them in increasing numbers over the years.

"We try to provide variety and a sense of fun which is unique," she said. "Our repertoire consists of popular music and light familiar classics. The orchestra is made up of people from all walks of life, united by their love of entertaining, music and song. A number of our members are ex-professional musicians.

"I am happy to say that I have been a playing member with the orchestra for 46 years. I am very passionate about our wonderful group of people and consider them to be my second family."

# PCYC HELPING YOUNG PEOPLE GET THEIR P'S

Megan Dwyer, Christine Augustine (Mentor), Mandy Cotterill

STORY **ALYSSA MACKAY** PHOTO **BRUCE REDMAN**

**D**isadvantaged learner drivers are being given the opportunity to complete their mandatory logbook hours with the support of a volunteer driver mentor program.

PCYC Zillmere and PCYC Sandgate are providers of the Braking the Cycle (BTC) program, where young people without access to a supervisor or registered vehicle can prepare for their provisional licence by driving with trained mentors.

BTC coordinator for PCYC Zillmere and PCYC Sandgate, Mandy Cotterill, said many young people could not afford driving lessons with an instructor, which could cost thousands of dollars.

"They are also unable to regularly access a vehicle or supervisor to help get the 100 hours needed before they can go for their open licence," Mandy said. "Therefore obtaining a driving licence for many young people was something that was impossible.

"This program enables young people to develop a core life and employment skill that supports further opportunities in the workplace, training and education environments. Young people are empowered to break the cycle of disadvantage, unemployment, and anti-social behaviour thereby reducing crime and traffic incidents."

BTC was developed in 2012 by PCYC Ipswich and

PCYC Logan in response to a study that identified 180,000 young people were unable to reach the 100 hours of certified supervised driving experience required to apply for their provisional licence.

The program gives participants the chance to drive vehicles provided by the PCYC and pairs them with mentors who offer encouragement and promote road safety.

"The program coordinator will match a mentor with a young person depending on level of skill and experience and consider if there are any mentor/participant preferences," Mandy said.

The program has proven a great success with 48 participants engaged at PCYC Zillmere in the last 12 months, and 22 graduating.

"We have helped many young people find employment in trade positions that require a licence as well as increasing the employment opportunities for many others," Mandy said.

"We have graduates with young families who are now able to drive their children to day care, school, and doctors and hospital appointments. We have a partnership with Domino's Pizza who have helped BTC financially and provided an employment path for our participants and graduates."

# CONSTRUCTION BEGINS ON BEAMS ROAD RAIL OVERPASS

STORY **ALYSSA MACKAY**

**T**he Department of Transport and Main Roads (TMR) have commenced works at Carseldine Station as part of the Beams Road Rail Level Crossing project.

The works began in June and are the next stage of the project, which involves removing the existing level crossing and constructing a new overpass.

Aspley MP Bart Mellish said locals had been keen to see the project get underway.

"I've been pushing to fix the Beams Road level crossing since 2017, but as locals know this has been an issue for a generation," Bart said.

"The removal of the level crossing in Carseldine will provide well-needed traffic relief to anyone who drives on Beams Road and has been caught at the bottleneck."

This stage of the works includes moving the station's access point to Balcara Avenue and upgrading the park 'n' ride facilities on the western side of the station.

"These works will ensure that accessibility and connectivity requirements are satisfied, minimising disruption for local residents once the construction work on the overpass commences," Bart said.

The majority of the work will take place between 7am and 5pm, from Monday to Saturday, and is expected to be completed in mid-2023.

The business case for the overpass was completed late last year and confirmed the preferred design option to remove the existing rail level crossing.

The designed detailed phase between Brisbane City Council and TMR is now underway, which will include the detailed plans for constructing the overpass over the level crossing.

The project aims to improve traffic flow on Beams Road, which experiences significant congestion at the rail level crossing, particularly during peak hours.

An overpass above the rail line will mean vehicles can continue along Beams Road without having to give way to trains, reducing congestion, increasing safety and improving travel times.

In addition to removing the rail crossing boom gates, the project also involves providing paths for walking and bike riding.

TMR is expecting to share the detailed design with the community later this year.

The Australian Government has committed \$50 million to the project, with the Queensland Government committing \$119.33 million and Brisbane City Council committing \$40 million.

## BEYOND CHERMSIDE

# Roll Up For Circus Spectacular

STORY **ALYSSA MACKAY**

**C**elebrate the history of Australian circuses with a special carnival that promises to be the greatest show.

The Blackall Tambo Circus Carnival, organised by regional arts and cultural organisation Red Ridge Interior Queensland Ltd, is set to dazzle the Central West this month.

Red Ridge's project support officer Gretchen Hayman said people could expect to see everything today's modern circus has to offer.

"It's going to be a beautiful ten days of celebrating circus history," Gretchen said. "We are lucky to have Ashton Circus set up the big top tent in both Tambo and Blackall."

The Big Top Circus will be held at the Tambo Showgrounds on Friday, 19 and Saturday, 20 August and Blackall Showgrounds on Friday, 26 and Saturday, 27 August.

Gretchen said the carnival would celebrate the community's connection with the original Perry Bros' Circus, which was first held in the area in 1889.

"The Perry's traded their little pub in the scrub, located between Blackall and Tambo, for a bullock team and took to the roads to deliver

the Perry Bros' Circus. The first performance was in Tambo and the second performance was in Blackall."

To honour this local history, the carnival will feature a dance performance by sixty children from Bush Beatz, which will pay tribute to the tale of Mary Ellen Atkins, a 12-year-old Blackall girl.

"It's fun, romantic and has the most beautiful story of how she ran away with the circus, married a Perry and how her hometown is recognising the importance today," Gretchen said.

As part of the festivities, a Circus Carnival Cabaret will be held on Saturday, 20 August at the Woolshed Baa and Grill in Blackall. The event will include a meal, drinks and entertainment from actor and former Broadway dancer, Matt Young.

"Matt has recently made Blackall his home," Gretchen said. "He is a big-time performer who has travelled the world and he will be our MC for most of our major events."

Local streets will be decorated in a circus theme with painted animals and bunting made by community members.

"It's the first circus carnival and the start of many we believe," Gretchen said.

## RODEO CELEBRATES TEN YEARS

STORY **ALYSSA MACKAY**

**B**rush the dust off your cowboy hat and head to the Eatons Hill Hotel Annual Rodeo this month for a jam-packed afternoon of entertainment, music and fun.

The popular rodeo event is back for its 10th year, followed by the B&S After Party where singles can mingle and dance the night away.

Kerri King from rodeo organisers' Xtreme Rodeo Productions said the hotel was a magical atmosphere for the family-friendly event.

"The crowd is always fully involved," Kerri said. "There are all sorts of tantalising delights to eat. Lots of entertainment for kids – Clappy the Rodeo Clown, stalls and a lolly drop.

"This year is the 10th year of the rodeo. It is also the memorial to my husband Brian King and also of Hank McArthur."

Xtreme Rodeo Productions conducts rodeos in areas from Central Queensland and Rockhampton to Northern NSW and was formed by rodeo animal breeding business, BK Bucking Bulls and CMC Rodeo Company.

Owner and operator of BK Bucking Bulls and well-known Queensland rodeo identity, Brian 'Kingy' King passed away in 2018. Hank

McArthur, one of the founding members of the CMC Rodeo Company, passed away earlier this year.

Two commemorative rides will honour the rodeo legends – the Brian King Memorial Open Bull Ride (Bob Berg Trophy Buckle) and the Hank McArthur Memorial Open Saddle Bronc Ride (Bob Berg Trophy Buckle).

Competitors will also be out to collect prizes in events including the bareback ride, novice bull ride, U-18 bull ride, U-15 mini bull ride, U-12 mini bull ride, and a new addition to the program – an over 40s bull ride.

Spectators won't need to worry about missing a moment of the action because it will be relayed live on big screens.

Gates open at 2pm with the performance starting at 4pm.

The party will continue after the rodeo fun has finished with those aged over 18 invited to boot scoot on over to the B&S After Party.

Partygoers are encouraged to don their cowboy hats and boots and meet the stars of the day in the hotel nightclub and beer garden.

Some of Brisbane's best DJ's will keep the crowd dancing to popular country tunes until 2am. Entry is free.

## **Bright Beginnings for the Children of Chermside**

**D**o you love playing with, and inspiring little kids? Do you love the sound of children singing, laughing and playing? Can you see yourself fingerpainting under a tree? Then a career in early childhood just might be for you.

Like most businesses, the childcare industry has seen a shortage in staff across Australia, however Janine Schokman, early childhood teacher at Bright Beginnings, has continuously seen a shortage of staff in the childcare industry for decades.

"For my entire career there has been a shortage of educators. Childcare is very physical and emotional as you can't help but love and adore our cherubs," Janine said.

"Educators are predominantly women of

childbearing age, so when you have little ones, you want to work part time."

To become an early childhood educator, you need to complete several qualifications including a Certificate III in Childcare. You can then choose to undertake study for either a Diploma of Childcare or a Bachelor of Early Childhood. In most industries it is hard for students to work and study, however the flexibility of working in early childcare means students can work while they study.

Janine said that while Bright Beginnings is currently fully staffed with most employees having been there for five years, they are always looking for enthusiastic teachers to provide relief for their team.

## GARDENING WITH SALLY

# Your Organic Garden in August

WITH SALLY EBERHARDT

**If you have limited space or aren't sure how to start growing your organic garden, a container garden may be the perfect solution. Pots, planters and even hanging baskets can grow your own delicious, healthy, organic food. And with the price of lettuce nowadays, you could save a fortune!**

Container gardens are no-dig, use little water and are easy to shift to find the right position. All you need is a large pot, some organic potting mix and your seeds or seedlings.

Plant seeds or seedlings according to directions on the packet or punnet. Potting mix provides ideal conditions for seed germination so spread seeds out. Don't plant seedlings too close together – think about how big each plant will grow and leave space to reach its potential. Tomatoes only need one strong plant per pot, beans and peas only two to three plants per pot.

Mulch seedlings immediately but let seeds sprout first. Fertilize your plants every 1-2 weeks with organic liquid fertilizer. Mix fertiliser and water in a watering can and drench foliage as well as the soil.

What to plant now - strawberries (from runners), tomatoes, capsicums, beans, pumpkin, cucumber, zucchinis, lettuce, eggplant, okra, rosella, cabbage, silverbeet, corn.

## BRAD'S BUSINESS TIPS

# What is the ultimate business?

STORY BRAD FLYNN

**T**his is an interesting question that I often ponder. So here's my take on it: The Ultimate Business.

It is one that is completely referral driven. Why does this make it the ultimate business?

1. You don't have to market, save money and improve profit.
2. You don't have to advertise, also saves money thus improves profit.
3. Your product or service must be exceptional as your clients do all the selling for you.

In fact, a further distinction to the ultimate business apart from having referrals only would be that you have a waiting list of clients or prospects or people who want to deal with you.

So, my question today, is your business completely referral based?

If not, why not?

What is it that you're missing in what you do so that the people who you are serving, can't help but want to tell all their friends and family about how good your business is.

Interesting thing that goes with this, is that a business that is doing this properly is probably making a pretty good margin, as well. So, the finances are taking care of itself particularly if you have a waiting list of clients of the ultimate business.

# A WORD FROM OUR REPRESENTATIVES

## CR FIONA HAMMOND

**H**appy August! How fast is this year going !!!

I am very pleased to see the new electric BBQ in Rainbow Lorikeet Park being installed. Rainbow Lorikeet Park is a hidden gem in our area and is well utilised by local residents.

Speaking of parks, the Lord Mayor, Adrian Schinnerer has recently announced the \$10 million Sun Safe Suburban Playground program which will see every one of Brisbane's playgrounds provided with shade cover.

This funding has been fast tracked and will see more than 150 playgrounds upgraded with shade, either shade covers or mature trees.

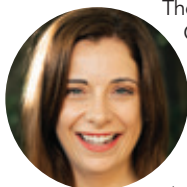

August, we also commemorate a number of important days. On the 15th of August we will commemorate Victory in the Pacific day and on the 18th we will mark Long Tan day to commemorate our Vietnam Veterans.

With COVID still in our community I urge everyone to be safe and wear a mask, wash your hands and socially distance where you can.

**I**t has been a busy month for Council, and I'm excited to say that several new park upgrades have been finalised.

Our new access stairs to the viewing deck at the top of Milne Hill in Chermshire West are now open, providing a more direct route from the Hamilton Road Quarry Park car park to this iconic local landmark. This has been the third stage of our ongoing works to upgrade and improve the Milne Hill Reserve, and it has been wonderful to receive so much positive

feedback about the viewing deck and upgraded walking tracks here.

The new toilets in Keong Park, Stafford are also now open – this park is already home to a basketball court, playground and outdoor exercise equipment, and these new amenities will mean that local families can enjoy this well-used park for longer. In Everton Park our new Ninja Course has also recently opened, and it was great to see so many local families enjoying the course as soon as it was ready! Make sure you keep an eye out for more information on my website and facebook page for our next free family movie in the park on Saturday 3 September at Keong Park in Stafford.

**It was pleasing to be able to recently announce our Government's Queensland State Budget which is focused on providing good jobs, better services and a great lifestyle for all of Queensland. In terms of investment in education in Aspley, we've over \$21 million in just the 2022-23 Financial year for some fantastic infrastructure including:**

- \$10,144,000 for Geebung Special School to continue works building additional classrooms
- \$8,474,000 for Aspley Special School to continue works building additional classrooms
- \$750,000 for Aspley East State School to refurbish ten learning spaces in Block C
- \$500,000 for Aspley State School to refurbish three learning spaces in Block P and SE
- \$415,000 for Bald Hills State School for an equitable access lift in Block A
- \$350,000 for Craigslea State School to refurbish existing outdoor learning areas between Blocks I and J

Additionally, it is fantastic to see a \$2.3 million commitment to delivering an extension to the science building at Craigslea State High School to include an additional marine science laboratory in future years.

It was also pleasing to see our State Budget commit to the largest hospital building program in Queensland's history.

Locally, this includes:

- 300 million to expand the Prince Charles Hospital creating an additional 93 beds
- \$750 million for a New Cancer Treatment Centre at the RBWH
- \$1.02 billion to expand the Redcliffe Hospital creating an extra 204 beds.

# 'SO DAMN EASY GOING'

STORY @WATCHITWOMBAT

**A**s if being a teenager wasn't hard enough, 18-year-old Joanna is dealing with the loss of her mother, being broke and trying to find herself. Sounds pretty bleak right, and at times it is, but there's plenty of joyful and comedic moments to lift the otherwise sombre tone.

What sets this adaptation of the critically acclaimed novel by Swedish author Jenny Jägerfeld apart from other coming of age stories is that Joanna suffers from ADHD. It doesn't just throw this angle in for the sake of it, it offers a real insightful look into how people often struggle with a condition that so many of us still

don't understand. What heightens the situation is that she's forced to take extreme measures to secure her medication when her pills run out and can't afford her next dose.

This is Director Christoffer Sandler's first feature film having only worked in TV, but he's created a visually interesting movie that offers a unique look at Gothenburg, Sweden. Using interesting camera work and innovative lighting techniques. Such as manifesting the lead character's ADHD in the form of flashing fairy lights, subtly at first but then becoming more prominent as her condition worsens through lack of medication.

The performances are solid, with the lead actresses Nikki Hanseblad and Melina Benett Paukkonen delivering a convincing and interesting relationship. Their burgeoning and often tumultuous affair is a bitter sweet reminder of just how hard growing up can be. Hanseblad as Joanna does take the lion's share of the screentime with a believable portrayal of the escalating complexities of her character's struggles, whether they're social, sexual or medical.

Although I may not be able to relate to being a teenage girl and the trials faced by the characters there's still plenty here to enjoy. So Damn Easy Going is a funny, sweet coming-of-age drama about love and daring to be yourself.

# SATISFY YOUR CAFFEINE CRAVING

STORY **ALYSSA MACKAY** PHOTO **BRUCE REDMAN**

**B**egin the day with a delicious brew and stay for a menu that will leave you spoilt for choice.

Dark Tonic Roasters on Corrie Street is a café and coffee roastery owned by Rosie and Troy Campbell, where the philosophy is 'coffee is our medicine.'

The café has two house blends that have been carefully curated to satisfy all types of caffeine-loving customers. Rosie said people could smell the coffee roasting from quite a distance away.

The menu offers breakfast, brunch and lunch options that are made on location, with favourites including eggs benedict and salmon rosti.

Patrons looking for a light bite can choose from a range of bagels and toasties, or a burger for something more substantial.

The sweets cabinet is full of mouth-

watering goodies that have been handmade by Troy.

"The banana bread and carrot cake are very popular," Rosie said. "We have a wide range of muffins and slices as well."

Troy opens the shop each day at 5:30am.

"I couldn't do this without him," Rosie said. "He grew up in a bakery, then a restaurant. I have learnt a lot from him."

"Having a family ourselves, we love seeing other families come, especially when we have our kids there from time to time. We are also dog-friendly."

They took over the spot in August 2020, making the move from the city to the suburbs.

"We painted and remodelled the courtyard to make it a place to sit all year round," Rosie said. "We have seating out the front, inside and on our sunlit terrace."

The café is able to cater to functions of up to 24 people.

Rosie said they loved working in the shop, especially since coffee was an important part of a good start to the day.

"We are making the day brighter for our loyal customers and community," she said.

**Dark Tonic Roasters is open 7 days a week.
